

## VEHICLE SANITARY PROCESS

Because Your Safety Is Our Safety

Bodyshop Logo

We use the latest technology developed as a result of Covid 19 that we have implemented as our new standard in vehicle sanitization

So What do we use

### SANITARY SURFACE CLEANER

#### SAN 05

- Sanitary surface cleaner based on alcohol
- Fast & effective
- Safe to use on all surfaces
- Safe to use without any special personal protection
- Works quickly and evaporates by itself
- Developed to use with bucket SOF 255; simply add 700cc surface cleaner
- Very economical in use: 5 liter impregnates 490 wipes (= 7 rolls)
- Leaves no odor
- Specially developed for automotive applications such as car keys, door handles, steering wheel, handbrake, gear levers, dashboard, upholstery and interior in general
- Also perfect to clean tables, worktops, equipment, control panels of machines and appliances, keyboards, touchscreens, etc.

What do we Clean

Also supplying Seat Covers, Steering wheel Cover, Hand Brake Cover and Gear Selector Cover

Any Questions about this process please don't hesitate to ask one of our team
