Hello Everyone,

We have been working with Max My Profit's Ben Fewtrell, as a lot of you remember Ben provided us with the Car Craft Online Business Academy last year which had great feedback from across the country, and now we have another exclusive deal for Car Craft Members!

If you want to learn how to get more customers from your digital marketing, then we have a fantastic offer for you! We have been chatting to Ben at Max My Profit and he was telling us all about a new service they are offering.

After helping so many people get better results online, he has worked out some key areas that are 'not-negotiable' when it comes to your digital marketing. As a result, Ben and his team developed a 'Digital Marketing Audit' to help you understand what areas you are doing really well in, and what to improve.

In a nutshell, it's a 109 point check up on your digital 'footprint.'

Normally he charges \$497 for the audit.

However, he is willing to offer it to Car Craft members for free!

Digital Marketing is becoming more important than ever, so I suggest you get straight onto it.

Here is a link to claim your free audit.
