

# CAR CRAFT GROUP

## ACCIDENT REPAIR CENTRES

[www.car-craft.com.au](http://www.car-craft.com.au)

Dear Car Craft Member,

Over the last couple of months Directors from Car Craft Queensland have been meeting with Suncorp Insurance on behalf of the group and our members, these discussions with Brett Wallace were in the context of what can Car Craft do for Suncorp insurance to provide better outcomes for their clients.

Currently Suncorp are reconfiguring their network and realigning their repair network so as to be able better service their clients, with this realignment is the opportunity to register your interest and contact Brett Wallace directly at [brett.wallace@suncorp.com.au](mailto:brett.wallace@suncorp.com.au) with a proposal.

Any inquiry should provide as much relevant detail as possible about you and your business including your training regime for example ICAR training of staff, equipment listing and so on, of importance in any submission made to Suncorp and Mr Wallace is your businesses ability to specialise in any particular area, for example is your business set up to do.

- Rapid Repair including capacity to do a certain volume level.
- Prestige Vehicles.
- Non-Drive Damaged
- Drivable
- Vehicles insured by Shannon's Insurance.
- 4WD Vehicles
- Commercial Vehicles

Not all Car Craft Member businesses will be successful, however this may be a great opportunity for members of the group to establish a new insurer relationship, the Suncorp model may not suit every business owner and members should consider this when making any decision.

The Directors of all our jurisdictions are actively increasing their discussions with work providers of all forms on behalf of Car Craft and our members, part of this increased activity can be attributed to some of the work by directors in areas such as SOP's and Repair Plan Stickers and a united group, if you have not already log into the Car Craft Group Webpage to find out more.

Yours Sincerely,

Mike Wilkinson
