I-CAR ANNOUNCES GOLD CLASS FOR *EBLEN COLLISION REPAIRS SA*

I-CAR Australia is pleased to announce today that Eblen Collision Repairs has been awarded the prestigious I-CAR Gold Class Collision status.

“The ongoing knowledge and skills development of our employees is an integral part of our business, achieving Gold Class recognition demonstrates our commitment to the highest standards of professionalism. I-CAR training has great benefits, it provides employees with a structured pathway to upskill, whilst instilling confidence, and a sense of pride and accomplishment.

Achieving Gold Class status with our large group of different technicians across varying ages, experience, and needs, created a real team atmosphere. Our staff felt that their knowledge has been increased in all aspects of repairs, achieving a clearer understanding of what is critically required to repair modern vehicles successfully.

Due to large staff numbers, achieving Gold Class Collision status was a huge undertaking. Although not easy, the planning, employee logistics, cost and effort has certainly been worthwhile” said Dario Tonon, Managing Director of Eblen Collision Repairs.

With Eblen Collision Repairs being a long term and valued supporter of I-CAR, we were delighted to see them achieve the Gold Class accreditation. They join the growing number of businesses that have recognised the benefits of regular training, not only for their staff members, but also their customers and the entire business. The Gold Class accreditation places them in a very strong position to overcome the challenges presented by the ever-evolving body repair industry. Congratulations to all involved!

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
